

STUDENT TRANSPORTATION SERVICES

The major purpose of school transportation is to get students to school and back under regulations established by the Waynesboro School Board and the Transportation Department of the State Department of Education.

These shall be the criteria for management of school transportation:

1. Safety: Scheduling and the operating of the program shall take into consideration hazards, potential dangers to pupils, and all appropriate safeguards.
2. Adequacy: The program shall provide both necessary and sufficient transportation to and from school and for school programs.
3. Economy: The program shall operate in the most efficient manner possible after considering the constraints imposed by the criteria of safety and adequacy.

The administrative assistant to the superintendent, working in conjunction with the principals, shall be responsible for scheduling all bus transportation, including the determination of routes, bus stops, rules and regulations, and all other matters relative to the transportation program.

Evaluation

The school transportation program shall be monitored daily by the principals and the administrative assistant to the superintendent and subjected to periodic evaluations by them as necessary.

Authority

The transportation system, including the selection and control of bus drivers, shall be governed by the laws, rules, policies, and regulations of the Code of Virginia, Virginia Department of Education, and the Waynesboro School Board.
