

## **SUMMER SCHOOLS**

### Generally

Summer school programs may be operated under the direction of the superintendent. Summer schools shall be designed to enrich the education of students and to permit students to earn credits needed for graduation or promotion.

The summer school program shall be equal in quality to that offered during the regular school term.

State Board of Education requirements for an accredited summer school shall be met.

### Fees

Summer school programs shall be financed by fees as determined by the school board.
