

TEXTBOOK SELECTION AND ADOPTION

The board is empowered to adopt textbooks subject to regulations of the State Board of Education. The State Board of Education adopts a multiple list of textbooks for each grade level and subject, from which local boards adopt textbooks for use in local school divisions. Local boards may adopt books which are not on the state-adopted list, provided the selection is in accordance with specified guidelines.

The Waynesboro School Board will adopt textbooks for use in the local division based upon recommendations presented by the superintendent. The evaluation of textbooks will be conducted by committees appointed by the board.
