

RELATIONS WITH COLLEGES AND UNIVERSITIES

To protect students and teachers from unnecessary intrusions that may disrupt instruction and regular school activities, requests for college students and professors to observe classes, make surveys, have students complete questionnaires, use students for practice in standardized testing procedures, and interview students, shall be submitted directly to the superintendent by the dean or the head of the department of the college. Each project shall be fully described in order that proper judgment can be made as to the merits of the proposal, and so that arrangements with the schools can be effected with a minimum of interference with the regular school program.
